Profile

I am a dedicated, driven and cooperative professional who enjoys finding creative solutions to the continually evolving challenges provided by computer hardware and software. I have postsecondary training in web development and am continuing my education in technology both online and in the classroom.

Experience

Kinetic Communications

2018

Programming Apprentice- I had the opportunity to work with and learn from the wonderful team at Kinetic. I participated in client projects and expanded my knowledge of web technologies.

Infinity Insurance

2016-2017

FNOL Adjuster I- We worked as a team handling automotive claims as assigned to us. My area of focus was payments, which involved being proactive and attempting to complete any pending items in order to close the claim. I also worked on appraisals and subrogation.

Shelby Baptist Medical Center ED

2012-2014

Emergency Department Technician- I performed ED Tech duties including the following: Phlebotomy, EKG's, Oxygen therapy, CPR and assisted trauma teams during cardiac arrests.
